

dahl's RETROFIT ADAPTERS

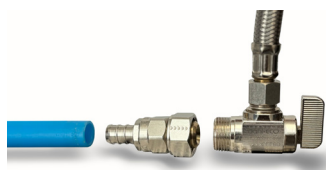

Quick-Connect, Hassle-Free Replacement

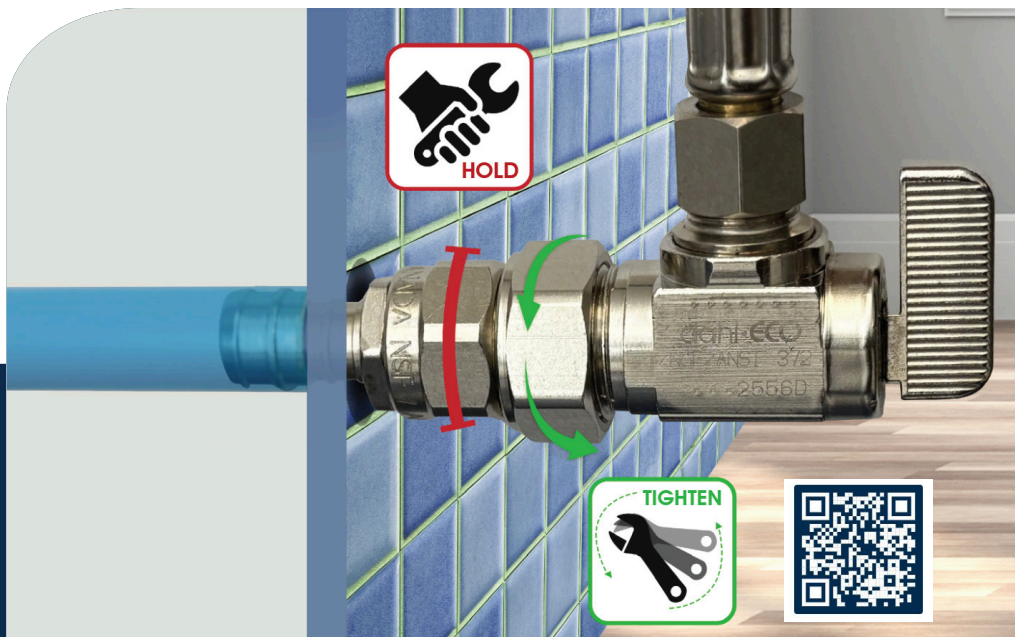

Retrofit adapters are a practical solution for updating or replacing plumbing valves without invasive work. Designed for end-of-line use, they feature a female compression outlet that connects easily to a 1/2" nominal pipe size compression inlet. **This allows for quick and clean valve changes without the need for cutting or altering existing piping.**

Cold Expansion (F1960)

PEX Crimp

COLD EXPANSION (F1960)

PART ID	510-PRPX3-43
DESCRIPTION	1/2 Cold Expansion x 5/8 OD Female Compression
PATTERN	Straight
FINISH	Plated
OPERATION	Adapter

PEX CRIMP

PART ID	510-PX3-43
DESCRIPTION	1/2 PEX Crimp x 5/8 OD Female Compression
PATTERN	Straight
FINISH	Plated
OPERATION	Adapter

BENEFITS OF RETROFIT ADAPTERS

- **Easy Valve Replacement:** Swap out old valves in minutes by simply unscrewing and attaching a new one.
- **No Pipe Cutting Required:** Eliminates the need to cut existing PEX pipe, preserving pipe length behind the wall.
- **Cleaner, Professional Finish:** Creates a more polished look at the wall outlet for a quality installation.
- **End-of-Line Application:** Perfect for end-of-line connections to a 1/2" compression valve.
- **Reduced Downtime & Labor:** Speeds up maintenance and minimizes disruption during repairs or upgrades.
