

NO SOLDER REPLACEMENT VALVES

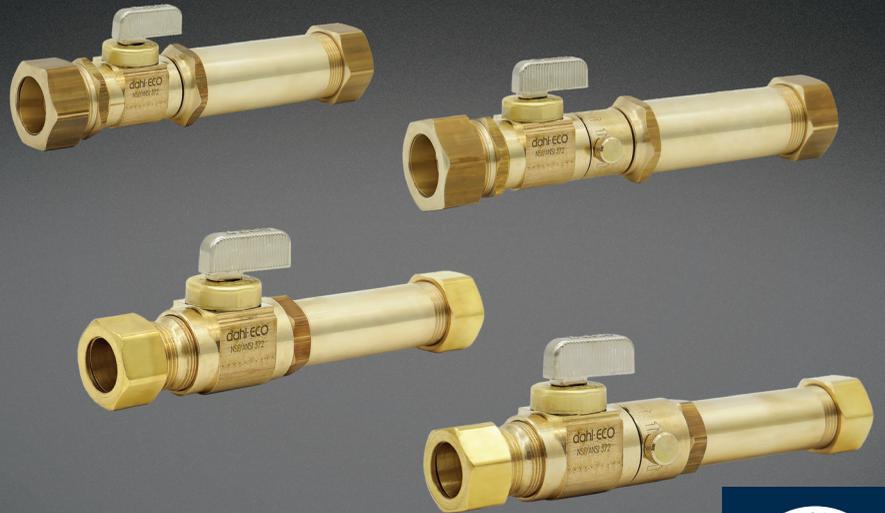

No Need For A Repair Coupling

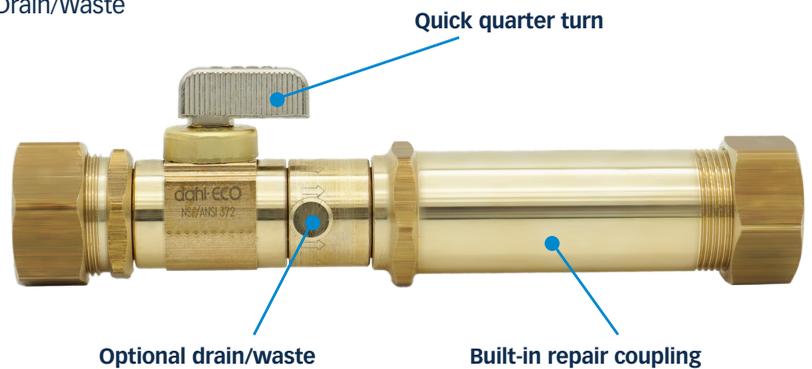

dahl's no-solder replacement valves offer better flow than old globe valves while providing a fast, hassle-free way to replace outdated shutoffs. Designed for quick installation, they eliminate the need for soldering, making them a safe solution when open flames aren't allowed or practical. These valves are compatible with both 1/2" and 3/4" copper pipe, delivering reliable performance and convenience for repairs or upgrades.
